Dear Parents and Carers

As you know, our current wraparound childcare service consists of a Breakfast and an After School Club both of which are led by school staff and held within a safe and secure environment. However, the cost of running school services continues to rise significantly and unfortunately, many of the staff pay awards introduced recently have not been fully funded by the Government. As a result, we are having to increase the cost of our after school wraparound care provision to ensure we can continue to maintain a high-quality service.

From September 2025, we will be moving to a single session payment model with all after school club sessions charged at £10 per child. In addition, a late collection fee will be payable (of £25 per hour or any part thereof) if pupils are collected after 17.30hrs (17.00hrs Fridays).

In order to better support the needs of our working families however, we are also currently reviewing and exploring the possibility of expanding our provision with support from Wiltshire Council. As part of this process, we will be sending out a short survey to all parents so that we can more fully understand the current and future wraparound needs within our school community with any extension of timings expected to take place from October 2025 and at no additional cost to parents.

We believe our charges remain competitive and continue to represent good value for money. However, we understand that any increase in costs can present challenges for families and we apologise for any inconvenience this may cause.

Kind Regards
Kiwi Primary School
